

CHAPTER 6

LIST OF PREPARERS

THIS PAGE INTENTIONALLY LEFT BLANK

6.1 INTRODUCTION

The following sections present the list of agencies, firms, and individuals that were primarily responsible for the preparation of this Environmental Impact Statement (EIS). The list of individuals includes their name, location, education, years of experience, and primary responsibility or role during the preparation of this EIS.

6.2 FEDERAL AVIATION ADMINISTRATION (FAA)

Edvige Mbakoup, Environmental Protection Specialist, Office of Airports, Western-Pacific Region, Los Angeles Airport District Office, El Segundo, CA (Master of Public Health – Environmental Health Sciences; B.S. Biology)

Ms. Mbakoup has five years of experience in the federal government. She is the FAA Environmental Protection Specialist and Project Manager responsible for direction and preparation of the EIS including detailed FAA evaluation of the document as well as coordination of comments from various federal and state government agencies in the FAA's Western-Pacific Region. Ms. Mbakoup also performed required consultation efforts for archaeological and historic resources and the air quality modeling protocol.

David Kessler, M.A., AICP, Regional Environmental Protection Specialist, Office of Airports, Western-Pacific Region, El Segundo, CA (M.A. Physical Geography; B.A. Physical Geography [Geology Minor])

Mr. Kessler has 38 years of experience. He is the FAA Regional Environmental Protection Specialist responsible for detailed FAA evaluation of federal Environmental Assessments (EAs) and preparation of Environmental Impact Statements (EIS) as well as coordination of comments from various federal and state agencies in the FAA's Western-Pacific Region. Responsible for ensuring the EA and EIS documents prepared in the Office of Airports, Western Pacific Region, comply with NEPA and other special purpose laws and regulations. He is also responsible for Regional coordination with FAA's Headquarters Office on NEPA, Section 163, and airport noise related topics.

Michael Lamprecht, Environmental Protection Specialist, Office of Airport Planning and Environmental Division, National Headquarters, Washington, D.C. (Master of Business Administration; Master of Forestry; B.S. Biology)

Mr. Lamprecht has 27 years of experience, 24 of which are NEPA related. He is an Environmental Protection Specialist and the FAA Headquarters Representative responsible for document review for compliance with FAA policy and guidance.

Jaime Duran, Lead Airport Planner, Office of Airports, Western-Pacific Region, Los Angeles Airport District Office, El Segundo, CA (B.S. Aviation Administration)

Mr. Durán has 35 years of experience. He is the FAA Lead Airport Planner responsible for the review of the planning and land use materials.

Manson Wong, Civil Engineer, Office of Airports, Western-Pacific Region, Los Angeles Airport District Office, El Segundo, CA (Master of Engineering in Civil and Environmental Engineering; B.S. Civil Engineering)

Mr. Wong currently serves as a Program Manager at FAA Los Angeles Airports District Office to develop and implement of the Airport Improvement Program (AIP) for the BUR and other assigned airports in Southern California since 2010. His responsibilities include providing the program oversight and support in project planning, design, construction, and grant management of federally funded airports development to ensure the projects in the full compliance with all Federal regulations and FAA policies under AIP program.

6.3 RS&H CALIFORNIA, INC. (RS&H)

David Full, AICP, Vice President, Aviation Environmental Planning Service Group, San Francisco, CA (M.A. Urban Planning; B.A. Urban Planning)

Mr. Full has 36 years of experience. He is the RS&H Team Project Manager and is responsible for the sub-consultant management, as well as the technical NEPA documentation and quality assurance of the NEPA analyses in the EIS.

Joseph Jackson, Vice President, San Francisco, CA (Master of Business Administration; B.A. Music)

Mr. Jackson has 34 years of aviation consulting experience. He is the Project Officer for the project responsible for all contractual matters and assuring sufficient and proper staff to undertake the EIS.

Julie Barrow, Senior Aviation Environmental Specialist, Denver, CO (M.S. Environmental Science; B.S. Wildlife Conservation Biology)

Ms. Barrow has 12 years of experience. She is the Deputy Project Manager serving as the lead environmental planner and is responsible for the preparation of the NEPA analyses in the EIS.

**David Alberts, Senior Environmental Manager, Jacksonville, FL
(B.A. Geography)**

Mr. Alberts has 20 years of NEPA related experience. He serves as an independent quality control reviewer for various sections of the EIS.

**Nick Kozlik, LEED GA, Aviation Environmental Specialist, San Francisco, CA
(M.S. Environmental Management; B.S. Environmental Studies)**

Mr. Kozlik has 9 years of experience. He is responsible for the preparation of the noise analysis and QA/QC of air quality analysis.

**Joseph Gale, LEED GA, Aviation Environmental Specialist, San Francisco, CA
(M.S. Sustainable Management; B.A. Environmental Science)**

Mr. Gale has 5 years of experience. He is responsible for the preparation of Natural Resources and Energy Supply and Environmental Justice analyses in the EIS.

**William Davidson, Aviation Environmental Specialist, Denver, CO
(B.S. Environmental Restoration Science and Water Science)**

Mr. Davidson has 2 years of experience. He is responsible for the preparation of 4(f) Resources, Land Use, Socioeconomic, Environmental Justice, Children's Health and Safety, and Cumulative impacts sections for this EIS.

**Lindsey Maron, PE, CFM, Aviation Water Resources Engineer, Jacksonville, FL
(M.E. Engineering, Civil; B.S. Civil Engineering)**

Ms. Maron has 12 years of experience in the water resources field. She is responsible for the QC of the Water Resources section of the EIS.

**Nicholas Gentile, Aviation Water Resources Engineer, Denver, CO
(M.S. Civil Engineering; B.S. Civil Engineering)**

Mr. Gentile has 1 year of experience in the aviation field. He is responsible for the Water Resources section of the Environmental Consequences chapter of the EIS and the corresponding Hydrology Report.

**Rachel Thomas, Jacksonville, FL
(B.A. Graphic Design)**

Ms. Thomas has 5 years of experience. She is responsible for graphic design of EIS figures.

6.4 CONSENSUS, INC.

Andrea Conant, Vice President, Burbank, CA (B.S. Public Policy and Management)

Ms. Conant has 17 years of experience. She is the project manager leading the public involvement plan for the EIS.

Brianna Thorpe, Account Manager, Burbank, CA (B.S. Policy, Planning, and Development)

Ms. Thorpe has 5 years of experience. She is responsible for designing and implementing the public involvement plan and coordinating the production of collateral materials for public education for the EIS.

Claudine Thomassians, Burbank, CA (B.A. Business Administration)

Ms. Thomassians has 4 years of experience. She is responsible for assisting the team in the creation of a key stakeholder database, the design and ideation of an informational video, and the preparation of materials for a scoping meeting during the EIS process.

David Mariscal, Burbank, CA (B.A. Urban Environmental Policy)

Mr. Mariscal has 3 years of experience. He is responsible for assisting the logistical planning and materials preparation for a scoping meeting during the EIS process.

David Moreno, Senior Account Manager, Burbank, CA (B.A. Political Science)

Mr. Moreno has 5 years of experience. He is responsible for public outreach execution and program management for the EIS.

Nazan Armenian, Senior Vice President, Burbank, CA (B.A. History)

Ms. Armenian has 25 years of experience. She is responsible for managing the media, website, and video content for the Bob Hope "Hollywood Burbank" Airport EIS.

**Ryan Walker, Account Manager, Manhattan Beach, CA
(B.A. Political Science)**

Mr. Walker has 6 years of experience. He is responsible for the creation of collateral materials for public education, website content, and ideation for an informational video and NEPA graphic.

6.5 EAGLE EYE EDITING

**Loralie Froman, Environmental Editing Professional, San Francisco, CA
(B.A. Humanities, Certificate Technical Writing)**

Ms. Froman has 25 years' experience as a technical editor for environmental firms. She is responsible for performing a technical editorial review of this EIS.

6.6 ENVIRONMENTAL SCIENCE ASSOCIATES

**Heidi Rous, Director of Air and Noise, Pasadena CA
(B.S. Physics)**

Ms. Rous has 30 years' experience. She is Project Director responsible for oversight and overall technical approach, strategy, and Quality Assurance/Quality Control of the Air Quality Protocol, and the Affected Environment and Environmental Consequences chapters of the EIS for Air Quality, Biology, Climate, Hazardous Materials, Solid Waste, and Pollution Prevention, Historical, Architectural, Archeological, and Cultural Resources, and Water Resources.

**Anitra Rice, Managing Associate, Los Angeles, CA
(M.A. Urban and Environmental Policy; B.A. Environmental Analysis & Design)**

Ms. Rice has 18 years' experience. She is responsible for ESA's day-to-day project management and QA/QC for Air Quality, Biology, Climate, Hazardous Materials, Solid Waste, and Pollution Prevention, Historical, Architectural, Archeological, and Cultural Resources, and Water Resources in the Affected Environment and Environmental Consequences chapters of the EIS.

**Sara Dietler, Managing Associate, Pasadena, CA
(B.A. Anthropology)**

Ms. Dietler has 20 years' experience. She is responsible for the Historical, Architectural, Archeological, and Cultural Resources subchapter and the corresponding Historic Resource Assessment and Archeological Resource Assessment for the EIS.

**Gabrielle Harlan, Ph.D., Architectural Historian, Los Angeles, CA
(Ph.D. History of Art and Architecture; M.A. History; B. Arch)**

Dr. Harlan has more than 20 years' both professional and academic experience. She is responsible for the architectural history analyses within the Historical, Architectural, Archeological, and Cultural Resources subchapter and corresponding Historic Resources Assessment for the EIS.

**Victoria Hsu, Managing Associate, Pasadena, CA
(M.P.P.; M.E. Civil Engineering; B.S. Civil Engineering)**

Ms. Hsu has over 8 years' experience. She is responsible for the analyses supporting the Air Quality and Climate within the Affected Environment and Environmental Consequences subchapter and corresponding Air Quality Protocol of the EIS.

**Margarita Jerabek, Ph.D., Director Historic Resources, Los Angeles, CA
(Ph.D. Art History; M.A. Architectural History; B.A. Art History)**

Dr. Jerabek has 30 years' experience. She is responsible for the QA/QC of the Historical, Architectural, Archeological, and Cultural Resources subchapter and corresponding Historic Resources Assessment for the EIS.

**Vanessa N. Ortiz, MA, RPA, Pasadena, CA
(M.A. Anthropology; B.A. Anthropology)**

Ms. Ortiz has 7 years' experience. She is responsible for the preparation of the Historical, Architectural, Archeological, and Cultural Resources subchapter and corresponding Archaeological Resources Assessment.

**Carleen Sawires, Senior Technical Expert, Pasadena, CA
(B.S. Physics; B.S. Political Science)**

Ms. Sawires has 25 years of experience in the preparation of NEPA and CEQA documents. She is responsible for the preparation of the Water Resources and Hazardous Materials, Solid Waste and Pollution Prevention analyses in the EIS.

**Michael Stewart, PE, Managing Associate, San Diego, CA
(B.S. Chemical Engineering)**

Mr. Stewart has 6 years' experience. He is responsible for the analyses in the Air Quality subchapter and corresponding Air Quality Protocol of the EIS.

**Monica Strauss, RPA, Director Cultural Resources Group, Camarillo, CA
(M.A. Archaeology; B.A. Anthropology)**

Ms. Strauss has 20 years' experience. She is responsible for the oversight of the Historical Resources Assessment and the Archaeological Resources Assessment.

**Christopher Taylor, Senior Associate, Los Angeles, CA
(M.A. Historic Preservation; B.A. History)**

Mr. Taylor has 5 years' experience. He is a contributor of the Historical, Architectural, Archeological, and Cultural Resources subchapter and the corresponding Historic Resource Assessment for the EIS.

**Ryan Villanueva, Managing Associate, Los Angeles, CA
(B.S. Biology; B.A. Environmental Studies)**

Mr. Villanueva is a wildlife biologist with over 13 years of experience. He is responsible for the overseeing the preparation of the NEPA analyses in the Biology subchapter of the EIS.

**Tim Witwer, Senior Associate, Los Angeles, CA
(B.A. Environmental Studies)**

Mr. Witwer has 5 years' experience. Mr. Witwer is responsible for the analysis and preparation of the Climate subchapter in the EIS.

Madison Blaney, Intern, Pasadena, CA

Ms. Blaney has 4 years of academic and professional experience, as an intern with ESA while pursuing her degree in environmental and natural resource fields. Ms. Blaney is responsible for supporting the air quality and climate emission analyses and preparation of the Biological subchapter in the EIS.

6.7 GIBSON TRANSPORTATION CONSULTING, INC.

Jonathan Chambers, Senior Associate, Los Angeles, CA (B.S. Electrical Engineering)

Mr. Chambers has 14 years of experience. He is the Project Manager and lead analyst responsible for the preparation of transportation analyses supporting the EIS.

Casey Le, Associate, Los Angeles, CA (B.S. Civil Engineering)

Ms. Le has 5 years of experience. She is responsible for assisting the Project Manager in the preparation of transportation analyses supporting the EIS.
